WISCONSIN: THE STATE THAT NEVER HIBERNATES

Prevent winter blues with Wisconsin's line-up of exciting, tasty and cheerful events

FOR IMMEDIATE RELEASE

MADISON, Wis. (Nov. 5, 2015) – There is no such thing as the "winter blues" in Wisconsin. Temperatures may drop, but energy is high. The days might be shorter, but our appetite for fun is unmatched. Snow and ice transform Wisconsin into a winter playground that draws foodies, athletes and festival goers of all kinds for world-renowned events. Even underneath a blanket of snow, we take our fun seriously with back-to-back events all season long.

Please note that event changes may occur. We encourage the media to double-check dates and contact information before going to print or posting online.

And remember, travelers looking for year-round Wisconsin getaway ideas, travel planning, events and free guides can discover their own fun at TravelWisconsin.com on their desktop, tablet or mobile device. Be sure to plan your skiing or snowmobiling trip around the season's snowfall using the Travel Wisconsin Snow Conditions Report.
